

CUTTERS BUILT FOR YOUR BUSINESS

Husqvarna power cutters and diamond blades are well-known for their high productivity and reliable operation. Regardless if you prefer petrol or battery power, you'll get an optimal mix of high power-to-weight ratio, low vibration levels, ergonomic design and easy maintenance. For best cutting performance, choose a Husqvarna diamond blade optimised for both the machine and the material to be cut.

WHAT YOU GET AND HOW WE DO IT

OPTIMAL PERFORMANCE

The cylinder design and integrated heat deflectors on our petrol-driven power cutters allow for optimal engine performance regardless of variations in climate and fuel.

CONVENIENT DUST CONTROL

Outstanding dust control with minimal water and slurry. Our petrol cutters have a specially-designed water valve allowing for progressive water flow adjustment.

MAXIMUM UPTIME

A user-centric design not only spares your body, it also enables you to stay alert and efficient. This is why our saws are packed with solutions that make your work convenient – and productive.

SMOOTHER STARTING

DuraStarter™ is a virtually maintenance-free starter device featuring a dust-sealed return spring and pulley bearing and a heavy duty starter cord.

K 535i

K 770

Battery power cutter designed for lighter concrete jobs. Ergonomic and low weight design makes it ideal for landscapers, pavers and roofers. Thanks to low vibration levels, slim design and centered placement of the blade, you get superior control compared to conventional cutters.

- 230 mm / 9" blade diameter
- Cutting depth 76 mm / 3"
- Electric retarder
- Weatherproof (IPX4)
- Specially developed blades
- Keypad with savE™
- Integrated dust suppression
- Centred blade
- Simple blade change
- Rope eyelet

The Husqvarna K 770 is a powerful all-round power cutter equipped with semi-automatic SmartTension™ system allowing for optimal power transmission, minimum wear and maximum belt life. The light weight, outstanding power-to-weight ratio, reliable start and exceptionally low vibrations mean less strain and maximised productivity.

- X-Torq®
- Active Air Filtration™
- SmartCarb™
- DuraStarter™
- Low Vib®
- SmartTension™
- Supplied with Tacti-Cut S 50 / + blade
- Cutting depth 100 mm (12" / 300 mm)
- Cutting depth 125 mm (14" / 350 mm)

DIAMOND BLADES FOR CUTTING JOBS IN ALL MATERIALS

In handheld applications, fast and smooth cutting is essential to minimise strain on the user. For maximum work efficiency and cost-effectiveness, we recommend you to choose a blade with the properties that suits the job you are about to do. Husqvarna Elite-Cut diamond blades are developed for professional users with high demands on efficiency. If you need to cut many different materials with the same blade, Husqvarna Vari-Cut is the series for you. Husqvarna Tacti-Cut series consists of diamond blades with balanced performance, developed for occasional cutting.

HUSQVARNA ELITE-CUT FOR FAST CUTTING IN ALL MATERIALS

Superb cutting performance thanks to Diagrip™ technology and innovative segment design for efficient cutting, cooling and slurry evacuation, which increases both cutting speed and service life. Easy-fit blade bushing for bore hole expansion from 20 to 25.4 mm.

HUSQVARNA VARI-CUT FOR ALL-ROUND APPLICATIONS

Vari-Cut blades have good performance and deliver high cutting speed with good service life in frequent all-round use. In this product family there are three versions for cutting in different materials, all clearly indicated on the packaging.

HUSQVARNA TACTI-CUT FOR OCCASIONAL CUTTING IN ALL MATERIALS

Provides good balance between price and performance. Recommended when you cut only occasionally and seek low cost per blade.
